NUMDIFF–12

**Limited financial support for  
participants from Eastern European countries at NUMDIFF-12**

We would like to thank you for your interest in the NUMDIFF-12 conference. Even though the NUMDIFF-12 conference is mainly self-funding, with the expectation that participants will cover all their own costs, there may be a limited opportunity to assist a small number of **participants from Eastern European countries** with some financial support.

To be considered for possible assistance, please send your application by mail or fax to the conference organisers by 31 January 2009. You should supply the following information

- full contact information including postal and email address,
- the title and abstract of your contributed talk, and
- a brief statement, why you want to attend the NUMDIFF-12 conference.

The decision about your funding application will be communicated to you once all applications have been reviewed and the funds available have been allocated.

With kind regards,

The Conference Organizers.
